

Food, beauty services, sports at luxurious Gurgaon club

The cluster of low-rise buildings with sloping roofs visible while driving from the Huda City Centre Metro Station to Golf Course Road comprise The Palms Town & Country Club, which boasts of greenery and Mediterranean architecture.

As you enter, you see the bubbling fountains, palm trees, endless gardens and courtyards – all maintained by the well-trained staff. This recently-opened new block has one of the finest beauty salons as well as a barber shop, and a newly-opened bakery/deli/cafe – Recipes For Life – which mirrors European restaurants. The dishes are fresh, nutritious and healthy.

They have something for everyone – the Kids Club for toddlers and young children, a purple and high on energy Youngsters Activity Zone as well as a Living Room – all specifically and tastefully done as per the zone. The bar, styled like an English pub, and two other restaurants, Senses and Fusion, offer a variety of cuisine at reasonable club prices. The pool, tennis courts and two maple wood squash courts are ideal for fitness-savvy members.

Vipin Luthra, chairman, The Palms Town & Country Club, said, "With the addition of the new facilities like the beauty salon, squash courts, kids club, more restaurants and a teen activity centre, the club is now complete with attractions for everyone in the family. More than the quantity of facilities, we are proud about the quality. Also, the prices are less than half of what one would pay at a salon!"

The reasonably-priced memberships are open. A five-year membership comes for ₹99,500 plus taxes, and ten-year memberships are also available. The membership fee can also be paid in easy installments. The membership prices are lower for Sushant Lok residents and property owners are given preference. Like many legacy clubs prospective, members have to apply followed by an interview with the club's committee

comprising of senior club members, if approved. But once approved, the membership is granted almost instantly. There is no waiting list or period, though a waiting list may soon become a necessity in order to limit the

number of members the club can admit in a particular year.
